Charles Kirk, Lyons, Ind., and Mr. George
Kirk, Bedford, Ill.

Casler Hall of the First National Bank has
recently had an architect estimate the cost of
constructing a 1,400-foot cement floor steel
viaduct across Limestone Creek bottoms. The
cost is figured at \$116,000 for a structure 45
feet wide, including streetcar track and a
footway on each side.

Mr. and Mrs. Charles B. Holstein will soon
move from the Cox Row in East Fourth street,

WORKING HOURS

For Persons Under 16 Years of
Age—Kentucky's New Child
Labor Law, Approved
March, 1908, Pro-
vides as Fol-
lows

"SECTION 8. No person under the age of
sixteen years shall be employed or suffered or
permitted to work at any gainful occupation
more than sixty hours in any one week, nor
more than ten hours in any one day; or before
the hour of seven o'clock in the morning or
after the hour of seven in the evening. Every
employer shall post in a conspicuous place in
every room where such minors are employed a
printed notice, stating the hours required of
them each day of the week, the hours of com-

mencing and stopping work and the hours
when the time or times allowed for dinner or
for other meals begin and end. The printed
form of such notice shall be furnished by the
State Labor Inspector, and the employment of
any minor for longer time in any day so stated
shall be deemed a violation of this section."

In compliance with the foregoing section,
the following schedule of hours for work pre-
vails in The Ledger Office—

From 7 a. m. till 5 p. m.

Total hours for entire week 54.

Time allowed for dinner or other meals 1 hour.

The above has been posted in the office of
THE PUBLIC LEDGER, in compliance with the
recent law passed by the Kentucky Legislature.
These cards will be furnished by State Labor
Inspector Thomas A. Davis of Maysville.

THE PUBLIC LEDGER is the very first busi-
ness concern or factory to have the honor of
being the first to comply with this provision of
the new "Child Labor Law" of Kentucky.

FOR PRESIDENT,
WILLIAM H. TAFT,
of Ohio.

FOR VICE-PRESIDENT,
CHARLES E. HUGHES,
of New York.

MAYBE the Fairbanks boom is having an effect on the peach crop.

No MAN can tell what a piece of spring millinery looks like until he sees a woman under it.—Portsmouth Blade.

How EASY it is for mortals to be mistaken. It was OLLIE JAMES's throat that was operated upon and not his mouth. How unfortunate.

For all-round strength, for ability to deal with men as well as with questions, as a worker and result-getter, WILLIAM H. TAFT is the biggest going concern in the country.—Theodore Roosevelt.

CONGRESSMAN OLLIE JAMES, now on a visit to Kentucky from Washington City, says:

"A man can't be in Washington twenty-four hours without realizing that TAFT is to be the nominee." He further declared that four out of five Republicans in Crittenden county, where he lives, are for TAFT.

CHIEF FORRESTER GIFFORD PINCHOT recently declared to the Inland Waterways Commission that—

"You are having floods here so frequently because the hillsides have been devastated of forests, and there is not even soil left to stop the rains."

It is stated in a Tokio dispatch that the present economic troubles in Japan are largely due to the nationalization of the railroads. This ought to furnish an object lesson to the agitators for Government ownership of railways in the United States.

SENATOR-ELECT BRADLEY may try to stem the tide that is sweeping Secretary TAFT to the nomination, but his efforts will amount to very little. Governor BRADLEY is always against the man who is in. He was against McKINLEY, he is against ROOSEVELT, he is against TAFT because he is a sure winner, and that is about all the reason he has. Strange; yes, but Governor BRADLEY is a strange politician. TAFT is steadily gaining, and even his enemies secretly concede his nomination on the first ballot.—Richmond Pantagraph.

The venerable Mrs. Mary Dillon, who resides in West Third street, in attempting to board a streetcar at the corner of Second and Market streets Saturday afternoon, was thrown to the brick street by the sudden starting of the car and barely escaped being run over, and that she was not seriously injured, perhaps killed.

is due to prompt assistance rendered by several gentlemen who were nearby and witnessed the accident.
There is a movement on foot to organize a colored Taft Military Brass Band at Amazon Hall tonight.

PRINCE HELLIE DE SAGAN might pause and inquire how old is ANN.

THIS ain't spring. The baseball season don't begin until Tuesday, April 14th. Then the birds and the small boys will blend their vocals into the vernal chorons, and spring will burst forth in all its gorgeous greenness.

AMONG Democrats, it is almost fatal for one of the party to hold a prominent place. BUCKNER, CARLISLE, LINDSAY and BLACKBURN were discredited because they were too good, and now it looks as if BECKHAM will be abandoned because he is too bad. Funny people, these Democrats.—Winchester Sun-Sentinel.

ADVICES received at Washington by members of the New England delegation in Congress indicate that the Vermont and Maine delegations will vote solidly for TAFT. All but one of the New Hampshire delegates will be for the Secretary. The friends of the Secretary from New England, in Congress, are claiming that he will control the situation overwhelmingly when the convention meets.

THE Denver Republican analyzes this phase of the situation with clearness as follows:

"The question will be with the coterie of 'high financiers' what action to take as between TAFT and BRYAN. If the anti-Roosevelt influences could defeat the Republican nominee even with BRYAN they would not hesitate to do so; but like common mortals they hate the idea of backing a loser. It is to their interest to be on the winning side.

History to Repeat Itself—Taft a Winner.

"With the knowledge that TAFT is as good as nominated by the dominant party, and that his election is well assured, there is not a sign of alarm. Money is not running into the stocking; Wall street is in possession of the 'bulls.'

"History is going to repeat itself. The comparatively few men who have been so bitter against ROOSEVELT that they have lost all sense of reason and balance, will come to the conclusion that there is nothing to do but accept TAFT and make the best of it."

A CASE OF LUCK.

"Do hurry, Mary. We're frightfully late. Why, we won't even get there by sermon time."
"In that case, dearest, cheer up. We're sure to miss the collection."

GOV. WILLSON

Home Again and Takes Up the Reins of Government Today--- Talks of Tobacco Situation

Speaks of Extra Session and Says Miss Alice Lloyd is An Attractive Woman

LOUISVILLE, Ky., April 4th.—Governor Augustus E. Willson, who arrived here late this afternoon from New York, showed by his manner that there is a doubt lurking in his mind about the advisability of calling the Kentucky Legislature into extra session with the view of stopping the operations of "night riders" in the tobacco district. He was asked if he had given any consideration to the call which would be made on him by the Kentucky Law and Order League that a special session of the General Assembly be called to deal with the tobacco troubles in the State.

"I have seen the report of the meeting," said he, "but I am not ready to discuss the probabilities of an extra session. That is a matter to which I shall give very earnest and serious consideration. I am not at all prepared to discuss it."

"Have you any plan in contemplation relative to stopping the work of the night riders?" was asked.

"I have always contended that the strength of the people's law rested with the people themselves. Whenever they realize danger and menace, and awaken to conditions themselves, they can do vastly more to remedy conditions than any other force. They are now awakening to it.

"I look for a great improvement in conditions within the next two or three weeks. I am ready at any time to send anywhere whatever force to preserve law and order that is necessary, but there is no open opposition to the enforcement of the law. The outbursts are secret and in the cover of darkness. I shall not send a military force at any time anywhere just because some persons clamor for soldiers. When the officers of the law apply for the military to preserve law and order the military has always been sent. I am responsible to the Commonwealth and while no amount of money would be too great to bring peace, law and order to the State, I do not propose to squander money where I have the knowledge that expenditures can produce no results. I had an engagement to speak in Chicago last night and at Evanston tonight, but I hurried home after I had

RETURNS TO FRANKFORT.

The Governor said he would return to Frankfort Monday morning. When asked in reference to the dinner tendered him by Governor Hughes of New York said:

"It was a very delightful informal affair. Governor Hughes is a splendid, practical man and is doing a great work."

"Did he inquire about political conditions in Kentucky?"

"He did not," replied Governor Willson. "He and I never alluded to a political question during my stay in Albany."

Governor Willson was asked concerning his impression of Miss Alice Lloyd to whom he replied at the Law and Order meeting last Sunday afternoon. He said: "She is a most attractive and interesting woman. In fact I became very much interested in her. She is bright and an exceedingly refined woman."

The Governor was in good

spirits and said he was glad to be back home again and to take up his official duties.

FRANKFORT, Ky., April 4th.—Acting Governor W. H. Cox laid down the reins of the State Government this morning at 11:30 o'clock and left at noon for his home at Maysville. He received a message from Governor Willson announcing his arrival at Louisville. Before receiving the telegram Governor Cox appointed W. H. Holt of Louisville, Special Judge to preside over the Ballitt Circuit Court in the place of Judge Wallace Jones, who has been forced to leave the Bench on account of illness in his family.

Sir Henry Campbell Bannerman, Premier of Great Britain, has resigned office owing to ill health.

SOCIETY OF EQUITY TO ENTER POLITICS

The Tobacco Growers to Cut Large Figure in the Great American Game

That the Equity Society proposes to enter politics there can be no doubt and the start will be made in Montgomery county.

Whether you are an Equity man or not will cut a big figure in the next Democratic primary. James W. White, a member of the Montgomery County Board of Control and a successful and prosperous farmer of Judge neighborhood, has announced as a candidate for Sheriff.

He is one of the strongest and most popular men in the county and will make a strong race. He will have the solid backing of the tobacco growers in the contest.

He will be opposed for the nomination by former Sheriff William Slodd, a past master in the game of politics and present Deputy Sheriff.

Walter Crooks and Randall S. Stokely, who had announced for Assessor, have declined to make the race, saying that politics is getting too badly mixed.

J. HENRY PECOR

THE REASON

Why John C. Pecor Continues to Recommend Vinol.

First: Because it is not a patent medicine and it contains besides tonic iron all of the medicinal curative elements of cod liver oil actually taken from fresh cod livers, but without a drop of oil to nauseate and upset the stomach and retard its work; therefore, wherever old-fashioned cod liver oil or emulsions will do good, Vinol will do far more good.

Second: Because Vinol acts first upon the stomach, creates a healthy appetite, strengthens and tones up the digestive organs, purifies and enriches the blood, and, in a natural manner, restores health and strength.

Third: Because Vinol contains no injurious drugs to react upon the system; every ingredient being named on the label, a patient knows exactly what he is taking.

Fourth: Because we never sold anything in our store that gave such universal satisfaction for old people, weak, sickly women and children, nursing mothers, and to build up the system after a severe sickness, and for relieving hacking coughs, chronic colds, bronchitis and all throat and lung troubles.

Try Vinol on your guarantee.

JOHN C. PECOR, Druggist, Maysville, Ky.

ALL FOR BENNETT

The Republicans of Mason County Unanimously Indorse Him For Re-Election

Pursuant to the call of Chairman W. D. Cochran of the Republican Executive Committee of Mason County, the Republicans of said county assembled in mass convention in the Courtroom in Maysville Saturday, April 4th, at 1 o'clock p. m., for the purpose of electing delegates to the District Convention to be held at Grayson on April 8th, 1908, for the purpose of nominating a Republican candidate for Congress in said District.

W. E. Stallcup was elected Chairman of the convention and A. F. Curran Secretary.

The following resolutions were read and unanimously adopted:

Resolved, That we indorse the Republican National Administration and the consistent, unwavering support given thereto by Hon. J. B. Bennett, and instruct the delegates from this county to vote in the Congressional Convention.

tion, to be held at Grayson, Wednesday, April 8th, for his re-nomination.

Resolved, further, That all known Republicans of this county who attend said District Convention be, and they are constituted, delegates.

W. E. STALLCUP, Chairman.
A. F. CURRAN, Secretary.

The convention then adjourned.

BENNETT WINS RACE FOR RENOMINATION

Will Be the Only Candidate Before the Ninth District Republican Convention

GREENUP, Ky., April 5th.—Conventions to select a Republican candidate for Congress were held in the thirteen counties composing the Ninth Kentucky District.

Congressman Bennett is advised that all the counties have instructed for him, and he will be nominated at the District Convention, which meets at Grayson April 8th, without opposition.

Congressman Bennett is at present Chairman of the Ninth District, and will likely be a candidate to succeed himself.

Mrs. Bettie Stevenson of Shannon, who underwent a successful surgical operation ten days ago in Dr. Hall's Hospital, Cincinnati, is convalescing, but will remain at the hospital for several weeks before returning home.

Miss Ellen Kirk of Maysville, a very attractive young pupil at Hamilton Institute, has been ill with appendicitis at the school. She was missed at a reception and dance just given at Hamilton in honor of the young actress, Miss Elsie Jans, an intimate friend of one of the students.—Daily Fitzhugh's Washington letter in Sunday's Courier-Journal.

The sales of tobacco at Lexington last week were 221,000 pounds at an average of \$13.50 per hundred.

The Washington Post says there will be no reduction of wages on any of the interstate railroads before July 1st at least, owing to the decision of the Southern not to cut the pay of the men.

At Lynchburg, Va., the origin of a fire, which destroyed \$226,000 worth of property Friday and which is surrounded by mysterious circumstances, is laid by many to a representative of the "night riders."

ANOTHER FROM TEXAS

Colonel John I. Winter Pays His Respects to a Growing City

Here's the latest from the "Man from Maysville" now touring Texas—

POST CITY, TEXAS, March 24th, 1908.

Editor of The Public Ledger: Perhaps you would like to learn some of the facts about the "Magical City over night" that is at present attracting the attention of the entire West. At any rate, I will risk a short article, in the belief that it will be interesting to learn how the West accomplishes what it takes us years to do, in a few short months.

Mr. C. W. Post, a globe trotter, a close observer, a humanitarian and with sufficient means to perfect and carry forward his ideas, conceived the idea of building a model city, a city that would be a model in plan and site, a city that would offer to the world a model in sanitary conditions.

He selected as his town site a beautiful level valley in Garza county, Texas, surrounded upon all sides by the great plains of Texas, breaking as the plains do to form this tableland and offering a delightfully pleasing effect as well as greatly enhancing the sanitary conditions.

Last June he had this beautiful valley platted into a town site by competent engineers, providing for streets 160 feet wide, with a park in the center, waterworks, sewerage systems, etc.

Upon this site hundreds of master mechanics are carrying forward the man's plans. Post City is quite the busiest place I have ever seen.

In these few months much has been accomplished. Out upon a bald prairie a magical city is arising. One can easily see "Aladdin rub his lamp" and a handsome structure arise.

One is constantly rubbing his eyes and pinching himself to learn whether he is dreaming or not. Rows of beautiful dwellings, splendid reproductions of bungalows, Swiss cottages, half stone and half mansard effect, beautifully dressed stone cut into every imaginable effect, a panorama of fairy tale effects.

Handsome business houses, massive in design, built of this same beautifully dressed stone in size 100x160, a credit to Eastern cities of 100,000 population and fifty years' age.

All this upon a bald prairie in a county that just a few months ago was unorganized.

To support this beautiful city Mr. Post has bought 200,000 acres of the surrounding land, which is upon the Great Plains, a very rich soil and in my judgment will grow anything.

He has divided this 200,000-acre purchase into farms of 80 and 160 acres and is building upon each farm a nice residence with waterworks, stable, other outbuildings, etc., and a nice orchard, about fifty of which are in course of completion.

These farms he rents at one-fourth of the crop grown and you can readily guess they rent as rapidly as they are completed.

By this plan Mr. Post puts 2,000 families into the county of Garza, all living around Post City. These 2,000 families you realize will support a good sized town in good shape.

And in addition to these surrounding 2,000 families Post City is so located that it will naturally draw from the territory for hundreds of miles around. The future is certainly bright for Post City.

Mr. Post allows no land speculators in Post City, offers nothing for sale.

One can buy property if he will take the time to hunt up one of Mr. Post's "Captains," persuade him to produce a plat of the town and hold his attention long enough to get him to name a price upon the lot.

The customer has to make all of the advances. If you buy it is entirely unsolicited, and in no event is more than three lots sold to one individual.

The prices are very reasonable. The management wants actual settlers of good character and industrious in disposition. Post City is no place for idlers or land speculators.

The writer's candid opinion is that in less than eighteen months Post City will delightfully house 5,000 people. It is an interesting sight indeed to watch 500 carpenters working upon dozens of houses, and unable to build them fast enough to house the arrivals.

In the meantime, the entire valley is dotted with tents, wagons, dugouts, etc., in which people are living, awaiting the completion of a house. The writer slept upon the floor for the first time; a floor is very comfortable when you get used to it.

Comfort as well as value is only comparative and when one sees others living in wagons and on the ground a floor becomes exceedingly comfortable. Regretting that words fail to give an adequate idea of the wonderful city upon the Plains, I am yours truly,

JOHN I. WINTER.

TAFT WILL WIN

IN KENTUCKY

He's the One Best Bet, Declares Colonel Jack Chinn

WASHINGTON, D. C., April 4th.—Jack Chinn of Kentucky, who is here, is advising the politicians at the National Capitol to pick Taft as a winner in Kentucky, and put their money on him. He says: "Taft is a good man, and he will be indorsed by the Kentucky State Convention."

"No matter what Bradley and Yerkes say, I believe that Mr. Taft will have the solid delegation at Chicago."

MURDERED

Body of Henry Dieterich Arrives From Louisville For Interment Here

The remains of Mr. Henry Dieterich, who was struck on the head with a hammer in Louisville a few days ago and who died at the hospital Friday night, arrived in Maysville yesterday over the C. and O. and were at once conveyed to the home of his brother in the Sixth Ward. The widow and little son accompanied the body here from Louisville.

The interment occurred yesterday afternoon in the Maysville Cemetery.

His murderer is now under arrest at Louisville and confessed that he killed Dieterich with a hammer, claiming that he did so in self defense.

RIDERS ACTIVE

In Their Work of Cutting Out Tobacco Crop—Law is After Them

WINCHESTER, Ky., April 4th.—Aquila Thomas, a tenant on the farm of Mrs. Lizzie Gay, near Pine Grove, had the canvas ripped off four tobacco beds by "night riders" last night, and the plants were killed by the frost. From its tracks the party was a very small one, and did no other damage save cut the telephone wires.

Many plant beds have been ruined in Brown county, Ohio, by having timothy seed sown in them.

Monthly crop statistics for State, issued from the office of the State Department of Agriculture, show that only 11% of the average crop of Burley tobacco has been planted in thirty counties of the Barley District this season.

This decrease is due to efforts of the Equity Society to cut down the 1908 crop.

The fruit crop in Kentucky is practically un- injured by the frost.

Prof. D. V. Florence of Mayslick has on display in Supt. Wells' office a typographical map of United States drawn by his pupils. You will do well to see it.

Captain and Mrs. Thomas Hall of Covington, arrived last evening to be present at the funeral of the late Thomas Davis, which occurs this afternoon at Pinville.

FEARIS.

Not wishing to trespass on your small space about matters that don't interest only a few in one or two neighborhoods, will say in few words as can be explained that in our exceptions to change of mail routes by Boggs correspondent we meant no harm, and only aimed to state facts as we heard or knew them personally. The R. F. D. Route referred to was not accepted by the Postoffice Department, therefore was not established. The Boggs Postoffice was then established, getting its mail from Cottageville as a special office. About a year ago the change of route question was up before the Postoffice Department, i. e., for Boggs to get mail direct from Springfield via Cottageville and McKenzie from Trinity via Fearis. The Department sent out questionnaires to all Postmasters on said routes for true replies for the information called for therein. The result was the same as with the R. F. D. Route—not accepted. Now, when the Boggs correspondent again renews the proposition we only have our say as any patron or citizen has a right to any question in this free country. It only remains to be seen, by the Department's action taken in this change, who has stuck to veracity and whose argument has been more weighty in this matter. We deny the charge of being a chronic kicker, or undermining any private or public matter. What we say and do, we do so in a public way, so all can see and hear. We have no "hid legs to jump on and kick" with. No, sir, we want to appear in public print in better style than that. It is short three miles to the Albion route from Fearis, and long two miles from Fearis to the proposed Boggs route, and we cannot count but very few more patrons on the Trinity side than to the Boggs route. We stated Fearis was willing to get its mail from Trinity if proper distributing facilities were made. Cottageville and its patrons are on the wrong side of the creek and therefore must miss its mail a few times a year. If Cottageville agrees to that there will be no objections from Fearis. It was

left to the Postoffice Department last year whether Boggs was better located or not, it may be if it can show more people served than at Cottageville. Oh, yes! Congress makes our National laws, but it also authorizes the Secretary of the Interior to make such rules and regulations as he may deem proper to execute certain laws, and same with the Postmaster General. So any change in Postoffice and mail routes must be made through the Postoffice Department and not Congress. We did not mean or aim to be any way sarcastic or misrepresent anything or anybody about this matter. We are for the majority of the people being served regardless of what the "little Postoffice" here might make or lose, and our record shows that. We would rather have a plain coffin without a flower, a funeral without an eulogy, than a life without the sweetness of a little love and sympathy.

It's not words but deeds that prove true merit.

The deeds of Doan's Kidney Pills For Maysville kidney sufferers Have made their local reputation. Proof lies in the testimony of Maysville people who have been cured to stay cured.

William H. Paul, 333 East Third street, Maysville, Ky., says:

"My opinion of Doan's Kidney Pills has not changed since I first recommended them several years ago, and the statement I gave in their favor at that time still holds good. Before I learned of their merit I was bothered considerably by pains in my back and other symptoms of disordered kidneys. After doctoring unsuccessfully I was induced to give Doan's Kidney Pills a trial, procuring them at J. Jas. Wood & Son's Drugstore. They promptly and effectively cured me, and I did not have a return of the difficulty until a short time ago. At that time I again resorted to Doan's Kidney Pills, and, as in the first case, they thoroughly removed every sign of the trouble."

The Lee Line of boats out of Cincinnati for Southern ports have had to tie up until the river gets back into its banks.

The damage caused by the present flood will be enormous. Additional loss will be caused by the washing out of gardens all along the big stream.

The following boats make up a coal fleet which has left Pittsburgh, having in tow 1,500,000 bushels of coal—Duquesne, 16 boats, 2 barges and 1 model; James Moran, 15 boats, 5 barges; Charlie Brown, 24 barges.

For the first time since 1896 the Missouri river from Kansas City to the mouth will have Government lights. A dispatch says that several lighthouses will also be erected near dangerous places and navigation will be encouraged.

The tonnage at Davis Island Dam last month was 331,000 tons, which is a poor record, considering that there was not a day when the stage of water was not good for navigation purposes. Of this tonnage 259,000 tons was coal bound down-stream.
